

# FACT MODEL

## FREE WEBINAR

The CARE Network

How and why Flexible Assertive Community Treatment (FACT) was created and how teams can sustainably improve quality of care in an ever changing society, which decisions should be considered and how to innovate wisely?

**TUESDAY  
3 MARCH**

**9:00 - 11.00 CET**

**Registration is required!**

**Koen Westen, Ph.D**

Lecturer-Researcher  
| Avans University of Applied Sciences,  
Senior Researcher  
| Reinier van Arkel Mental Health,  
Vice-president  
| CCAF

*As a former bachelor of nursing, public health nurse and master in social work, my main focus has remained the same in all different roles: improving quality of life for people with severe mental illness.*
